**Join SPAR for an upcoming CME program**

## *Recent Advances in Gout Treatment*

A complimentary webinar sponsored by Society of Physician Assistants in Rheumatology (SPAR)

**Available at** <http://webcast.streamlogics.com/audience/index.asp?eventid=18153017>

To register you must scroll down to the bottom of the link to acknowledge and accept the CME Information.

### **Target Audience**

This program is designed for physician assistants (PAs), nurse practitioners (NPs), physicians (MDs/FPs) and nurses (RNs/LPNs) who care for patients with gout in a clinical, surgical or research setting. Content is geared to advanced practice professionals.

### **Learning Objectives:**

*At the conclusion of this session, the participant will be able to:*

1. Diagnose and manage patients with gout.
2. Describe the role that diet plays in gout.
3. Describe appropriate therapy for gout.

### **Faculty:**

***Robert Wortmann, MD, MACR***

Professor of Medicine, Section of Rheumatology  
Dartmouth Medical School and Dartmouth Hitchcock Medical Center

***Joan McTigue, PA-C***

Divisions of Rheumatology & Dermatology  
University of Florida Medical Center and VA Hospital

### **Accreditation**

**PHYSICIAN ASSISTANTS** - This program has been reviewed and is approved for a maximum of one hour of AAPA Category I CME credit by the Physician Assistant Review Panel. Approval is valid for one year from the issue date of May 24, 2011. Participants may submit the self-assessment at any time during that period.

This program was planned in accordance with AAPA's CME Standards for Enduring Material Programs and for Commercial Support of Enduring Material Programs.

**NURSES** -This program has been approved for 1.0 contact hours to be provided by the Florida Board of Nursing Provider #50-7071. Each nurse should claim only those hours that he/she actually attends and educational activity.

***Each attendee should claim only those hours that he/she actually attends an educational activity.***

### **Support**

This program was supported by an educational grant from URL Pharma.
